A beautiful and elegant new building designed by the architectural lines which are sympathetic to its natural surroundings.

It is situated in a panoramic position looking over the Gulf of Orosei, within large landscaped park which consists of beautiful Mediterranean plants and trees immersed in greenery; this further guarantees you a peaceful atmosphere, just like at home. But next to an unforgettable rugged scenic coastline which is breathtakingly stunning.

Hotel offers a “kids club” where dedicated and animated staff caters to your child’s every need. Giving them a fantastic and stimulating holiday.

There is a beautiful 1000 square meter swimming pool with areas specifically reserved for children, A multipurpose field for football games, and synthetic grass tennis and volley ball court as well as a large amphitheatre.

Hotel is situated 800 meters from Cala Gonone’s seaside.

The beach is a fine mixture of sand and gravel interspersed with pink rocks, making the beach a beautiful place to be, where you are able to relax and enjoy our comfortable deckchairs, beach entertainment and mini-beach bar.

We have collection points on the beach, where our hotel “train” will be ready to either pick you up or drop you off, making your holiday as relaxing as possible!!
